

Material Safety Data Sheet

Name of the Product Code No.		Alternative Thioglycollate Medium (NIH Thioglycollate Broth) DM 1010			
Section 1	: Chemical Identification				
Section 1	Code No.	DM 1010			
	Name of the Product :		collate Medium (NIH Thioglycolla	te Broth)	
	Produced by : Central Drug House Pvt. Ltd.				
	Address :	7/28 Vardaan Hous	7/28 Vardaan House, Darya Ganj, New Delhi (INDIA)		
	Tel. No. :	00 91 11 49404040			
Section 2	Composition Ingredients	Grams/Litre	Ingredients	Grams/Litre	
	Casein enzymic hydrolysate	15.00	Yeast extract	5.00	
	Dextrose	5.50	Sodium chloride	2.50	
	L-Cystine	0.50	*Sodium thioglycollate	0.50	
	Final pH (at 25°C)	7.1 ± 0.2			
	* Harmful material				
	Information on Ingredients	<u>.</u>			
	Sodium thioglycollate				
	CAS No. : 367-51-1				
	R:22-36/37/38 S:26-36				
	RTECS : AI 7700000				
Section 3	Hazards Identification				
	Hazard : Inhalation and ingestion		-	o one's health. Non-recurring,	
	recurring or lengthy exposure to these substances may result inirreversible damage.				
	Caution : Avoid contact with the human body, including inhalation of the vapours and in cases of malaise consult a

Section 4	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15	nouth with water provi minutes. Remove conta	ided person is conscious. In case of aminated clothing and shoes. In c	of skin contact,flush with copion ase of inhalition, remove to	
Section 4	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di	nouth with water provi minutes. Remove conta ifficult, call physician. Ir	ided person is conscious. In case of aminated clothing and shoes. In c n case of contact with eyes, wash	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water	
Section 4	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep	ided person is conscious. In case of aminated clothing and shoes. In c n case of contact with eyes, wash	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water	
Section 4	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep	ided person is conscious. In case of aminated clothing and shoes. In c n case of contact with eyes, wash	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water	
	doctor. First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or	nouth with water provi minutes. Remove conta ifficult, call physician. Ir lequate washing by sep label.	ided person is conscious. In case of aminated clothing and shoes. In c n case of contact with eyes, wash	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water	
	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y.	ided person is conscious. In case c aminated clothing and shoes. In c n case of contact with eyes, wash parating the eyelids with fingers. I	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a	
Section 5	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash parating the eyelids with fingers. I am. Special firefighting procedure	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a	
Section 5	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash parating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes.	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin	
	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for	
Section 5 Section 6	doctor. First - Aid Measures In case of swallowing, wash out m amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dust	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for	
Section 5	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dust Handling and Storage	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for	
Section 5 Section 6	doctor. First - Aid Measures In case of swallowing, wash out m amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dust Handling and Storage Handling - Refer to Section 8	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for	
Section 5 Section 6 Section 7	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for	
Section 5 Section 6	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of ash spill site after material pickup	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of ash spill site after material pickup	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o juired.	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of ash spill site after material pickup	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o juired. ties Appearance:	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of ash spill site after material pickup	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o juired. ties Appearance:	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of ash spill site after material pickup	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8 Section 9	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow Colour : Cream to yellow	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o juired. ties Appearance:	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep of ash spill site after material pickup	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pov apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow Colour : Cream to yellow	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o uired. ties Appearance: /der.	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep u ash spill site after material pickup chemical-resistant gloves, safety g	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8 Section 9	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow Colour : Cream to yellow Stability and Reactivity Stability : Product is stable if stor	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o uired. ties Appearance: /der.	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep u ash spill site after material pickup chemical-resistant gloves, safety g	of skin contact,flush with copiou ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8 Section 9	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pov apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow Colour : Cream to yellow	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o uired. ties Appearance: /der. ed as per the condition C.	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep u ash spill site after material pickup chemical-resistant gloves, safety g	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8 Section 9	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow Colour : Cream to yellow Stability and Reactivity Stability : Product is stable if stor potency/performance above 45°	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o uired. ties Appearance: rder. ed as per the condition C. tht.	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep u ash spill site after material pickup chemical-resistant gloves, safety g	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	
Section 5 Section 6 Section 7 Section 8 Section 9	doctor. First - Aid Measures In case of swallowing, wash out r amounts of water for at least 15 fresh air. If breathing becomes di for at least 15 minutes. Assure ac physician, show the container or Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dus Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req Physical and Chemical Proper Appearance : Homogeneous pow Colour : Cream to yellow Stability and Reactivity Stability : Product is stable if stor potency/performance above 45° Conditions to avoid : Heat and lig	nouth with water provi minutes. Remove conta ifficult, call physician. Ir dequate washing by sep label. y. wder or appropriate foa g to prevent contact wi goggles, rubber boots t. Ventilate area and w Protection approved respiratory, o uired. ties Appearance: rder. ed as per the condition C. tht.	ided person is conscious. In case of aminated clothing and shoes. In c in case of contact with eyes, wash barating the eyelids with fingers. I am. Special firefighting procedure ith skin and eyes. and heavy rubber gloves. Sweep u ash spill site after material pickup chemical-resistant gloves, safety g	of skin contact,flush with copion ase of inhalition, remove to with copious amounts of water n serious conditions, call a s. Wear selfcontained breathin up, place in a bag and hold for is complete.	

	Exposure can cause : Stomach pains, vomiting, diarrhoea. Prolonged or repeated exposure may cause allergic reactions in certain sensitive individuals.			
	RTECS No. : AI 7700000 For complete information RTECS may be referred			
Section 12	Ecological Information			
	Data not available			
Section 13	Disposal Considerations			
	On completion of work all used or unusable preparations of this product and derivatives thereof are to be disposed off by autoclaving and/or by incineration. Dispose of waste in accordance with all applicable Federal, State and local laws.			
Section 14	Transport Information			
	UN No. : Not applicable.			
Section 15	Regulatory Information			
	Risk Phrases : Harmful if swallowed			
	Risk Phrases : Irritating to eyes, respiratory system and skin			
	Safety Phrases : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice			
	Safety Phrases : After contact with skin, wash immediately with plenty of water.			
	Safety Phrases : Wear suitable protective clothing			
	Significance of signs : Inhalation and ingestion of, or skin penetration by these substances is harmful to one's health. Non-recurring, recurring or lengthy exposure to these substances may result in irreversible damage.			
Section 16	Other Information			
	The information contained in this data sheet represents the best information currently available to us.
