## Dehydrated Culture Media Bases / Media Supplements

## Material Safety Data Sheet

oduct	Bile Esculin Agar			
Chamber I to antification	DM 1972			
Chemical Identification	DN4 4072			
Code No. :	DM 1972 Bilo Esculia Agar

			lin anntaat fluidh uith	
In case of swallowing, wash out mouth with water provided person is conscious. In case of skin contact, flush with				
Extinguishing Media Water spray. Carbon dioxide, dry chemical powder or appropriate foam. Special fire-fighting				
procedures. Wear selfcontained breathing apparatus and protective clothing to prevent contact with skin and eyes.				
Accidental Release Measures				
Wear respirator, chemical safety goggles, rubber boots and heavy rubber gloves. Sweep up, place in a bag and hold for				
waste disposal. Avoid raising dust.	. Ventilate area and wa	ish spill site after material pickup is	complete.	
Handling and Storage				
Handling - Refer to Section 8				
Storage - Store below 30°C				
Exposure Controls / Personal Protection				
Wear appropriate NIOSH/MSHA-approved respirator, chemical-resistant gloves, safety goggles, other protective clothin				
Mechanical exhaust required.				
Physical and Chemical Propert	ies			
Appearance : Homogeneous powder.				
2 /	yellow			
Stability and Reactivity				
Stability : Product is stable if stored as per the conditions specified under storage of Section No. 7. Product loses its				
potency/performance above 45°C.				
Conditions to avoid : Heat and ligh	it.			
Toxicological Information				
Acute Effects : May be harmful if swallowed.				
Exposure can cause : Stomach pains, vomiting, diarrhoea. Prolonged or repeated exposure may cause allergic reactions certain sensitive individuals. For complete information RTECS may be referred.
