

## Material Safety Data Sheet

Name of the Product Code No.		Sabouraud Dextrose Agar (Sabouraud Dextrose Agar Medium) DM 1063H		
Section 1	Chemical Identification	DIVI 1003H		
	Code No.	DM 1063H		
	Name of the Product :	<ul> <li>Sabouraud Dextrose Agar (Sabouraud Dextrose Agar Medium)</li> <li>Central Drug House Pvt. Ltd.</li> <li>7/28 Vardaan House, Darya Ganj, New Delhi (INDIA)</li> </ul>		
	Produced by :			
	Address :			
	Tel. No.	00 91 11 49404040		-)
Section 2	Composition Ingredients	Grams/Litre	Ingredients	Grams/Litre
	Mixture of Peptic digest of animal		Dextrose	40.00
	tissue and			
	Pancreatic digest of casein	10.00	Agar	15.00
	pH after sterilization	5.6 ± 0.2		
Section 3	Hazards Identification			
Section 5	Hazard : Not classified as hazardous.			
Section 4	First - Aid Measures			
	No specific measures necessary.			
Section 5	Fire Fighting Measures			
	Not combustible.			
Section 6	Accidental Release Measures			
	No specific measures necessary.			
Section 7	<i>,</i>			
	Handling and Storage			
	Handling - Refer to Section 8 Storage - Store below 30°C			
	-			
	Storage - Store below 30°C			
Section 8	Storage - Store below 30°C Exposure Controls / Personal P			
Section 8	Storage - Store below 30°C Exposure Controls / Personal P Wear appropriate NIOSH/MSHA-ap		mical-resistant gloves, safety (	goggles, other protective clothing
	Storage - Store below 30°C Exposure Controls / Personal P Wear appropriate NIOSH/MSHA-ap Mechanical exhaust required.	oproved respirator, che	mical-resistant gloves, safety a	goggles, other protective clothing
Section 8 Section 9	Storage - Store below 30°C Exposure Controls / Personal P Wear appropriate NIOSH/MSHA-ap Mechanical exhaust required. Physical and Chemical Properti	oproved respirator, che es	mical-resistant gloves, safety (	goggles, other protective clothing
	Storage - Store below 30°C Exposure Controls / Personal P Wear appropriate NIOSH/MSHA-a Mechanical exhaust required. Physical and Chemical Properti Appearance : Homogeneous free f	oproved respirator, che es	mical-resistant gloves, safety (	goggles, other protective clothing
Section 9	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertion         Appearance : Homogeneous free f         Colour       : Cream to yellow	oproved respirator, che es	mical-resistant gloves, safety (	goggles, other protective clothing
	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Properti         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity	oproved respirator, che es lowing powder		
Section 9	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Properti         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored	oproved respirator, che es lowing powder d as per the conditions s		
Section 9	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertia         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.	oproved respirator, che es lowing powder d as per the conditions s		
Section 9	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Properti         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and light	oproved respirator, che es lowing powder d as per the conditions s		
Section 9 Section 10	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and light	oproved respirator, che es lowing powder d as per the conditions s		
Section 9 Section 10 Section 11	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored potency/performance above 45°C.         Conditions to avoid : Heat and light         Toxicological Information         Non toxic.	oproved respirator, che es lowing powder d as per the conditions s		
Section 9 Section 10	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and light         Toxicological Information         Non toxic.         Ecological Information	oproved respirator, che es lowing powder d as per the conditions s		
Section 9 Section 10 Section 11 Section 12	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertia         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and light         Toxicological Information         Non toxic.         Ecological Information         Data not available	oproved respirator, che es lowing powder d as per the conditions s		
Section 9 Section 10 Section 11	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and light         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and ligh         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and ligh         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required         Transport Information	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13 Section 14	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and ligh         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required         Transport Information         UN No. : Not applicable.	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertia         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and light         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required         Transport Information         UN No. : Not applicable.         Regulatory Information	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13 Section 14	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertia         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and ligh         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required         Transport Information         UN No. : Not applicable.         Regulatory Information         Risk Phrases : Not applicable	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13 Section 14 Section 15	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertia         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and ligh         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required         Transport Information         UN No. : Not applicable.         Regulatory Information         Risk Phrases : Not applicable         Safety Phrases: Not applicable	oproved respirator, che es lowing powder d as per the conditions s t.	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13 Section 14	Storage- Store below 30°CExposure Controls / Personal PWear appropriate NIOSH/MSHA-apMechanical exhaust required.Physical and Chemical PropertiaAppearance : Homogeneous free fColour: Cream to yellowStability and ReactivityStability : Product is stable if storedpotency/performance above 45°C.Conditions to avoid : Heat and lighToxicological InformationNon toxic.Ecological InformationData not availableDisposal ConsiderationsNo special disposal method requiredTransport InformationUN No. : Not applicable.Regulatory InformationRisk Phrases : Not applicableSafety Phrases: Not applicableOther Information	ed except that it be in a	specified under storage of Sec	tion No. 7.Product loses its
Section 9 Section 10 Section 11 Section 12 Section 13 Section 14 Section 15	Storage       - Store below 30°C         Exposure Controls / Personal P         Wear appropriate NIOSH/MSHA-ap         Mechanical exhaust required.         Physical and Chemical Propertian         Appearance : Homogeneous free f         Colour       : Cream to yellow         Stability and Reactivity         Stability : Product is stable if stored         potency/performance above 45°C.         Conditions to avoid : Heat and ligh         Toxicological Information         Non toxic.         Ecological Information         Data not available         Disposal Considerations         No special disposal method required         Transport Information         UN No. : Not applicable.
