Material Safety Data Sheet

Code No.	Product	DM 1191	dium w/o Indicator (Diagnostic Thiogly		
Section 1	: Chemical Identification	DIVI 1191			
	Code No.	: DM 1191			
	Name of the Product		lium w/o Indicator (Diagnostic Thioglyco	llate Medium)	
	Produced by	: Central Drug House		,	
	Address : 7/28 Vardaan House, Darya Ganj, New Delhi (INDIA)				
	Tel. No.	: 00 91 11 49404040)		
Section 2	Composition Ingredients	Grams/Litre	Ingredients	Grams/Litre	
	Casein enzymic hydrolysate	17.00	Papaic digest of soyabean meal	3.00	
	Dextrose	6.00	Sodium chloride	2.50	
	*Sodium thioglycollate	0.50	L-Cystine	0.25	
	*Sodium sulphite	0.10	Agar	0.70	
	Final pH (at 25°C)	7.0±0.2			
	* Harmful material				
	Sodium thioglycollate				
\sim	CAS No. : 367-51-1				
~	R : 22-36/37/38 S : 26-36				
	RTECS : AI 7700000 Sodium sulphite				
	CAS No. : 7757-83-7				
tik bita m	CAS No. : //5/-83-/ R : 22-31-36/38 S : 26-36/37				
	RTECS : WE 2150000				
Section 3	Hazards Identification				
	Hazard : Inhalation and ingestion of, or skin penetration by these substances is harmful to one's health. Non-recurring,				
	Hazard : Inhalation and ingesti			s health. Non-recurring,	
	Hazard : Inhalation and ingestic recurring or lengthy exposure t	to these substances may	result in irreversible damage.	-	
	Hazard : Inhalation and ingestic recurring or lengthy exposure t Caution : Avoid contact with th	to these substances may		-

	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash ou copious amounts of water for a remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, show Fire Fighting Measures 	to these substances may te human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious	
	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash ou copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spin	to these substances may te human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ bw the container or label ray. Carbon dioxide, dry	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v uate washing by separating the eyelids w chemical powder or appropriate foam. S	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious	
Section 5	Hazard : Inhalation and ingestion recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for a remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spi procedures. Wear selfcontaine	to these substances may te human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus a	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious	
Section 5	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, shote Fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measures	to these substances may the human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ to the container or label ray. Carbon dioxide, dry d breathing apparatus an	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S nd protective clothing to prevent contact	of malaise consult a contact, flush with a case of inhalation, vash with copious <i>i</i> th fingers. In serious pecial fire-fighting t with skin and eyes.	
Section 5	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, shote Fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measure 	to these substances may the human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for	
Section 5 Section 6	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, shote Fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measured Wear respirator, chemical safe waste disposal. Avoid raising definite free free free free free free free fr	to these substances may the human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S nd protective clothing to prevent contact	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for	
Section 5 Section 6	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, shote fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measured Wear respirator, chemical safe waste disposal. Avoid raising definition and Storage 	to these substances may the human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for	
Section 5 Section 6	Hazard : Inhalation and ingestion recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spin procedures. Wear selfcontained Accidental Release Measured Wear respirator, chemical safe waste disposal. Avoid raising d Handling and Storage Handling - Refer to Section 8	to these substances may the human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for	
Section 4 Section 5 Section 6 Section 7 Section 8	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, shote fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measured Wear respirator, chemical safe waste disposal. Avoid raising definition and Storage 	to these substances may te human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ bow the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for	
Section 5 Section 6 Section 7	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, shot Fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measure Wear respirator, chemical safe waste disposal. Avoid raising desting desting desting and Storage Handling - Refer to Section 8 Storage - Store below 30°C 	to these substances may e human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v uate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, shot Fire Fighting Measures Extinguishing Media. Water spip procedures. Wear selfcontaine Accidental Release Measure Wear respirator, chemical safe waste disposal. Avoid raising desting desting desting and Storage Handling - Refer to Section 8 Storage - Store below 30°C 	to these substances may e human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v late washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7 Section 8	Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spi procedures. Wear selfcontaine Accidental Release Measure Wear respirator, chemical safe waste disposal. Avoid raising d Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Person Wear appropriate NIOSH/MSH	to these substances may the human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adeque to the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w al Protection A-approved respirator, c	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v uate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7 Section 8	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, showed the second strength of the second	to these substances may e human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w al Protection A-approved respirator, c erties	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v uate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7 Section 8 Section 9	 Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at least 1 conditions, call a physician, showed the second strength of the second	to these substances may e human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ by the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w al Protection A-approved respirator, c erties	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v uate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7 Section 8 Section 9	Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spi procedures. Wear selfcontaine Accidental Release Measure Wear respirator, chemical safe waste disposal. Avoid raising d Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Person Wear appropriate NIOSH/MSH Mechanical exhaust required. Physical and Chemical Prop Appearance : Homogeneous per Colour : Cream to yellow Stability and Reactivity	to these substances may te human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ ow the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w al Protection A-approved respirator, c erties bwder	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v jate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con hemical-resistant gloves, safety goggles,	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7	Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spi procedures. Wear selfcontaine Accidental Release Measure Wear respirator, chemical safe waste disposal. Avoid raising d Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Person Wear appropriate NIOSH/MSH Mechanical exhaust required. Physical and Chemical Prop Appearance : Homogeneous per Colour : Cream to yellow Stability and Reactivity Stability : Product is stable if st	to these substances may the human body, including the set of the human g becomes difficult, call 5 minutes. Assure adeque to the container or label ray. Carbon dioxide, dry d breathing apparatus and the set of the human the set of the human set of the human ty goggles, rubber boots ust. Ventilate area and w al Protection A-approved respirator, c erties bowder	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v uate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	
Section 5 Section 6 Section 7 Section 8 Section 9	Hazard : Inhalation and ingestive recurring or lengthy exposure to Caution : Avoid contact with the doctor. First - Aid Measures In case of swallowing, wash out copious amounts of water for at remove to fresh air. If breathin amounts of water for at least 1 conditions, call a physician, sho Fire Fighting Measures Extinguishing Media. Water spi procedures. Wear selfcontaine Accidental Release Measure Wear respirator, chemical safe waste disposal. Avoid raising d Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Person Wear appropriate NIOSH/MSH Mechanical exhaust required. Physical and Chemical Prop Appearance : Homogeneous per Colour : Cream to yellow Stability and Reactivity	to these substances may te human body, including t mouth with water prov at least 15 minutes. Rem g becomes difficult, call 5 minutes. Assure adequ ow the container or label ray. Carbon dioxide, dry d breathing apparatus an es ty goggles, rubber boots ust. Ventilate area and w al Protection A-approved respirator, c erties bowder ored as per the condition 5°C.	result in irreversible damage. g inhalation of the vapours and in cases of ided person is conscious. In case of skin ove contaminated clothing and shoes. In physician. In case of contact with eyes, v jate washing by separating the eyelids w chemical powder or appropriate foam. S and protective clothing to prevent contact and heavy rubber gloves. Sweep up, pla vash spill site after material pickup is con hemical-resistant gloves, safety goggles,	of malaise consult a contact, flush with a case of inhalation, vash with copious vith fingers. In serious pecial fire-fighting t with skin and eyes. ce in a bag and hold for nplete.	

Section 11	Toxicological Information		
	Acute Effects : May be harmful if swallowed.		
	Exposure can cause : Stomach pains, vomiting, diarrhoea. Prolonged or repeated exposure may cause allergic reactions in		
	certain sensitive individuals.		
	RTECS No. : AI 7700000 WE 2150000		
	For complete information RTECS may be referred.		
Section 12	Ecological Information		
	Data not available		
Section 13	Disposal Considerations		
	On completion of work all used or unused preparations of this product and derivatives thereof are to be disposed off by		
	autoclaving and/or by incineration. Dispose off waste in accordance with all applicable Federal, State and local laws.		
Section 14	Transport Information		
	UN No. : Not applicable.		
Section 15	Regulatory Information		
	Risk Phrases : Harmful if swallowed		
	Risk Phrases : Irritating to eyes, respiratory system and skin		
	Risk Phrases : Irritating to eyes and skin		
	Risk Phrases : Contact with acids liberates toxic gas		
	Safety Phrases : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice		
	Safety Phrases : Wear suitable protective clothing		
	Safety Phrases : Wear suitable protective clothing and gloves		
	Significance of signs : Inhalation and ingestion of, or skin penetration by these substances is harmful to one's health.		
\sim	Non-recurring, recurring or lengthy exposure to these substances may result in irreversible damage.		
Section 16	Other Information
