## Dehydrated Culture Media Bases / Media Supplements

## Material Safety Data Sheet

Codo No	Product	EMB Agar			
Code No. Section 1	Chemical Identification	DM 1317			
	Code No. :	DM 1317			
	Name of the Product :	EMB Agar			
	Produced by :	Central Drug House	e Pvt. Ltd.		
	Address : 7/28 Vardaan House, Darya Ganj, New Delhi (INDIA)				
	Tel. No. :	00 91 11 49404040			
Section 2	Chemical Identification Ingredie	nts Grams/Litre	Ingredients	Grams/Litre	
	Peptic digest of animal tissue	10.00	Dipotassium phosphate	2.00	
	Lactose	5.00	Sucrose	5.00	
	Eosin - Y	0.40	*Methylene blue	0.065	
	Agar	13.50			
	Final pH (at 25°C)	7.2±0.2			
	* Harmful material				
$\wedge$	Methylene blue				
	CAS No. : 122965-43-9				
Skin irritation	R : 22 S : 22-24/25				
	RTECS : SO 5600000				
Section 3	Hazards Identification	af an ald the state	handbare substant of the first	handahan bi	
	Hazard : Inhalation and ingestion of, or skin penetration by these substances is harmful to one.s health. Non-recurring,				
Skin irritation	recurring or lengthy exposure to these substances may result in irreversible damage.				
	doctor.	Caution : Avoid contact with the human body, including inhalation of the vapours and in cases of malaise consult a doctor.

Section 5	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 f conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained b <b>Accidental Release Measures</b>	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp id protective clothing to prevent contact	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes.	
Section 5	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 f conditions, call a physician, show Fire Fighting Measures Extinguishing Media. Water spray procedures. Wear selfcontained l Accidental Release Measures Wear respirator, chemical safety	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for	
Section 5 Section 6	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 n conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained b <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp id protective clothing to prevent contact and heavy rubber gloves. Sweep up, place	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for	
Section 5 Section 6	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 f conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained l <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b>	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp id protective clothing to prevent contact and heavy rubber gloves. Sweep up, place	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for	
Section 5 Section 6	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 n conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained b <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp id protective clothing to prevent contact and heavy rubber gloves. Sweep up, place	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for	
Section 5 Section 6 Section 7	In case of swallowing, wash out n copious amounts of water for at 1 remove to fresh air. If breathing b amounts of water for at least 15 f conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained 1 <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp id protective clothing to prevent contact and heavy rubber gloves. Sweep up, place	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for	
Section 5 Section 6 Section 7	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show Fire Fighting Measures Extinguishing Media. Water spray procedures. Wear selfcontained b Accidental Release Measures Wear respirator, chemical safety waste disposal. Avoid raising dust Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, c	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp id protective clothing to prevent contact and heavy rubber gloves. Sweep up, place	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8	In case of swallowing, wash out n copious amounts of water for at 1 remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained 1 <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired.	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for plete.	
Section 4 Section 5 Section 6 Section 7 Section 8 Section 9	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 f conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained l <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b>	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 f conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained l <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8 Section 9	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained b <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow Colour : Light pink to purple	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. ee in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8 Section 9	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained h <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow Colour : Light pink to purple <b>Stability and Reactivity</b>	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties der	by e contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. the in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8 Section 9	In case of swallowing, wash out n copious amounts of water for at l remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained h <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow Colour : Light pink to purple <b>Stability and Reactivity</b> Stability : Product is stable if store	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties der ed as per the conditior	ove contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. the in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8 Section 9	In case of swallowing, wash out n copious amounts of water for at 1 remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained b <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow Colour : Light pink to purple <b>Stability and Reactivity</b> Stability : Product is stable if store potency/performance above 45°C	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label y. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties der ed as per the conditior C.	by e contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. are in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8 Section 9	In case of swallowing, wash out n copious amounts of water for at 1 remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained h <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow Colour : Light pink to purple <b>Stability and Reactivity</b> Stability : Product is stable if story potency/performance above 45°C Conditions to avoid : Heat and lig	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label. 7. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties rder ed as per the condition C. ht.	by e contaminated clothing and shoes. In ohysician. In case of contact with eyes, w ate washing by separating the eyelids wi chemical powder or appropriate foam. Sp ad protective clothing to prevent contact and heavy rubber gloves. Sweep up, plac ash spill site after material pickup is com	case of inhalation, ash with copious ith fingers. In serious becial fire-fighting with skin and eyes. are in a bag and hold for plete.	
Section 5 Section 6 Section 7 Section 8 Section 9 Section 10	In case of swallowing, wash out n copious amounts of water for at 1 remove to fresh air. If breathing b amounts of water for at least 15 in conditions, call a physician, show <b>Fire Fighting Measures</b> Extinguishing Media. Water spray procedures. Wear selfcontained h <b>Accidental Release Measures</b> Wear respirator, chemical safety waste disposal. Avoid raising dust <b>Handling and Storage</b> Handling - Refer to Section 8 Storage - Store below 30°C <b>Exposure Controls / Personal</b> Wear appropriate NIOSH/MSHA- clothing. Mechanical exhaust req <b>Physical and Chemical Proper</b> Appearance : Homogeneous pow Colour : Light pink to purple <b>Stability and Reactivity</b> Stability : Product is stable if storm potency/performance above 45°C Conditions to avoid : Heat and lig Hazardous polymerization will no	least 15 minutes. Remo becomes difficult, call p minutes. Assure adequ the container or label. 7. Carbon dioxide, dry o breathing apparatus ar goggles, rubber boots t. Ventilate area and w Protection approved respirator, cl uired. ties rder ed as per the condition C. ht.	by e contaminated clothing and shoes. In ohysician. Section 13	Disposal Considerations		
	On completion of work all used or unusable preparations of this product and derivatives thereof are to be disposed off by autoclaving and/or by incineration. Dispose off waste in accordance with all applicable Federal, State and local laws.		
Section 14	Transport Information		
	UN No. : Not applicable.		
Section 15	Regulatory Information		
	Risk Phrases : Harmful if swallowed		
	Safety Phrases: Do not breathe dust		
	Safety Phrases : Avoid contact with skin or eyes		
Skin irritation	Significance of signs : Inhalation and ingestion of, or skin penetration by these substances is harmful to one.s health. Non-recurring, recurring or lengthy exposure to these substances may result in irreversible damage.		
Section 16	Other Information
