

Material Safety Data Sheet

Name of the	Product	TCBS Agar DM1870S			
Section 1	: Chemical Identification	DIVITO/03			
-	Code No.	: DM1870S			
	Name of the Product	: TCBS Agar			
	Produced by	: Central Drug House P	rt. Ltd.		
	Address		Darya Ganj, New Delhi (INDIA)		
	Tel. No.	: 00 91 11 49404040			
Section 2	Composition	Grams/Litre	Ingredients	Grams/Litre	
	Ingredients				
	Peptic digest of animal tissue	10.00	Yeast extract	5.00	
	Sodium citrate	10.00	*Sodium thiosulphate	10.00	
	Sodium cholate	3.00	Oxgall	5.00	
	Sucrose	20.00	Sodium chloride	10.00	
	Ferric citrate	1.00	Bromo thymol blue	0.04	
	Thymol blue	0.04	Agar	15.00	
	Final pH (at 25°C)	8.6±0.2			
	* Irritant material				
	Sodium thiosulphate				
	CAS No. : 7772-98-7				
$\langle ! \rangle$	R: 36/37/38 S: 26-36				
Skin irritation	RTECS : XN 6476000				
Section 3	Hazards Identification				
	Hazard: This symbol designates substances which may have an irritant effect on skin, eyes and respiratory organs.				
	Caution: Do not breathe vapours and avoid contact with skin and eyes.				
\•/	Caution : Do not breatne vapours	and avoid contact with sk	iii alia cycs.		
Skin irritation		and avoid contact with sk	Trana cycs.

We	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the	
Section 5	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 i If breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing	nouth with water provided minutes. Remove contaminutes. It physician. In case of contage by separating the eyelid to the contage of the eyelid to the ey	person is conscious. In case of skin nated clothing and shoes.In case of act with eyes, wash with copious a s with fingers. In serious conditions Special fire-fighting procedures. We	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the	
	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 i If breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contact with section of	person is conscious. In case of skin nated clothing and shoes.In case of act with eyes, wash with copious a s with fingers. In serious conditions Special fire-fighting procedures. Wa kin and eyes.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing	
Section 5	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contact with suppose of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, pla	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contact with suppose of	person is conscious. In case of skin nated clothing and shoes.In case of act with eyes, wash with copious a s with fingers. In serious conditions Special fire-fighting procedures. Wa kin and eyes.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contact with suppose of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, pla	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contact with suppose of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, pla	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contaminutes of contaminutes of contaminutes of contaminutes of contaminutes of contact with substitutes of contact wit	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, pla	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6	First - Aid Measures In case of swallowing, wash out n amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of contaminutes of contaminutes of contaminutes of contaminutes of contaminutes of contact with substitutes of contact wit	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, pla	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, pla	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required.	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in the provided minutes. Remove contaminutes in the eyelid may be separating the eyelid may be separated and separated may be separated and wash spill situated area and wash spill situated area and wash spill situated area.	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, place after material pickup is complete	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in the provided minutes. Remove contaminutes in the eyelid may be separating the eyelid may be separated and separated may be separated and wash spill situated area and wash spill situated area and wash spill situated area.	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, place after material pickup is complete	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7 Section 8	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required.	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, place after material pickup is complete	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7 Section 8	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, place after material pickup is complete	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7 Section 8	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous pow	nouth with water provided minutes. Remove contaminutes. Remove contaminutes of	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, place after material pickup is complete	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste	
Section 5 Section 6 Section 7 Section 8 Section 9	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous pow Colour: Light yellow Stability and Reactivity	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in physician. In case of contage by separating the eyelid water or appropriate foam. It is goggles, rubber boots and illate area and wash spill site. Protection approved respirator, chemoties water	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions Special fire-fighting procedures. We kin and eyes. heavy rubber gloves. Sweep up, place after material pickup is complete	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste e.	
Section 5 Section 6 Section 7 Section 8 Section 9	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous pow Colour: Light yellow Stability and Reactivity	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in physician. In case of contage by separating the eyelid vider or appropriate foam. In good of the eyelid v	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions special fire-fighting procedures. We kin and eyes. The average of the serious conditions are after material pickup is complete after material pickup is complete ical-resistant gloves, safety goggles.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste e.	
Section 5 Section 6 Section 7 Section 8 Section 9	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washin container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical pow apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous pow Colour: Light yellow Stability and Reactivity Stability: Product is stable if store	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in physician. In case of contage by separating the eyelid vider or appropriate foam. In good of the eyelid v	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions special fire-fighting procedures. We kin and eyes. The average of the serious conditions are after material pickup is complete after material pickup is complete ical-resistant gloves, safety goggles.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste e.	
Section 5 Section 6 Section 7 Section 8 Section 9	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous power Colour: Light yellow Stability and Reactivity Stability: Product is stable if store potency/performance above 45°C	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in physician. In case of contage by separating the eyelid water or appropriate foam. It is goggles, rubber boots and illate area and wash spill site. Protection approved respirator, chemoties water in the conditions specified as per the conditions specified. It is specified as per the conditions specified.	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions special fire-fighting procedures. We kin and eyes. The average of the serious conditions are after material pickup is complete after material pickup is complete ical-resistant gloves, safety goggles.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste e.	
Section 5 Section 6 Section 7 Section 8 Section 9	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous power Colour: Light yellow Stability and Reactivity Stability: Product is stable if store potency/performance above 45°C Conditions to avoid: Heat and lig	nouth with water provided minutes. Remove contaminutes. Remove contaminutes in physician. In case of contage by separating the eyelid water or appropriate foam. It is goggles, rubber boots and illate area and wash spill site. Protection approved respirator, chemoties water in the conditions specified as per the conditions specified. It is specified as per the conditions specified.	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions special fire-fighting procedures. We kin and eyes. The average of the serious conditions are after material pickup is complete after material pickup is complete ical-resistant gloves, safety goggles.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste e.	
Section 5 Section 6 Section 7 Section 8 Section 9	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous power Colour: Light yellow Stability and Reactivity Stability and Reactivity Stability and Reactivity Stability in Product is stable if store potency/performance above 45°C Conditions to avoid: Heat and light Hazardous polymerization will not Toxicological Information	nouth with water provided minutes. Remove contaminates. Remove contaminates and physician. In case of contant by separating the eyelid water or appropriate foam. It is to cocur.	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions special fire-fighting procedures. We kin and eyes. The average of the serious conditions are after material pickup is complete after material pickup is complete ical-resistant gloves, safety goggles.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste e.	
Section 5 Section 6 Section 7 Section 8 Section 9 Section 10	First - Aid Measures In case of swallowing, wash out in amounts of water for at least 15 if breathing becomes difficult, cal minutes. Assure adequate washing container or label. Fire Fighting Measures Extinguishing Media. Water spray Carbon dioxide, dry chemical power apparatus and protective clothing Accidental Release Measures Wear respirator, chemical safety disposal. Avoid raising dust. Vent Handling and Storage Handling - Refer to Section 8 Storage - Store below 30°C Exposure Controls / Personal Wear appropriate NIOSH/MSHA-Mechanical exhaust required. Physical and Chemical Proper Appearance: Homogeneous power Colour: Light yellow Stability and Reactivity Stability and Reactivity Stability is Product is stable if store potency/performance above 45°C Conditions to avoid: Heat and light Hazardous polymerization will not Toxicological Information Acute Effects: May be harmful if	nouth with water provided minutes. Remove contaminates. Remove contaminates and physician. In case of contaminates of contaminates are appropriate foam. In the second sec	person is conscious. In case of skinnated clothing and shoes.In case of act with eyes, wash with copious as with fingers. In serious conditions special fire-fighting procedures. We kin and eyes. The average of the serious conditions are after material pickup is complete after material pickup is complete ical-resistant gloves, safety goggles.	inhalation, remove to fresh air. mounts of water for at least 15 s, call a physician, show the ear selfcontained breathing ace in a bag and hold for waste s, other protective clothing.	

Material Safety Data Sheet

RTECS No.: XN 6476000 For complete information RTECS may be referred.			
Ecological Information			
Data not available			
Disposal Considerations			
On completion of work all used or unusable preparations of this product and derivatives thereof are to be disposed off by autoclaving and/or by incineration. Dispose off waste in accordance with all applicable Federal, State and local laws.			
Transport Information			
UN No. : Not applicable.			
Regulatory Information			
Risk Phrases : Irritating to eyes, respiratory system and skin			
Safety Phrases: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice			
Safety Phrases: Wear suitable protective clothing			
Significance of signs: This symbol designates substances which may have an irritant effect on skin, eyes and respiratory organs.			
Other Information			
The information contained in this data sheet represents the best information currently available to us. However, no warranty			
is made with respect to its completeness and we assume no liability resulting from its use. The information is offered solely for user.s obligation to investigate and determine the suitability of the information for their particular purpose.
