For the full text of the H-Statements and classification mentioned in this Section, see Section 16.

Section 4 **First - Aid Measures**

**4.1 Description of first aid measures**  
**General advice.**  
Consult a physician. Show this safety data sheet to the doctor in attendance.  
**If inhaled**  
Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration. Consult a physician.  
**In case of skin contact**  
Wash off with soap and plenty of water. Consult a physician.  
**In case of eye contact**  
Rinse immediately with plenty of water for at least 15 minutes. Consult a physician.  
**If swallowed**  
Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

**4.2 Most important symptoms and effects, both acute and delayed**  
The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.

**4.3 Indication of immediate medical attention and special treatment needed**  
Treat symptomatically.

Section 5 **Fire Fighting Measures**

**5.1 Extinguishing media**  
**Suitable extinguishing media**  
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.  
**Unsuitable extinguishing media**  
No data available.

**5.2 Special hazards arising from the substance or mixture**  
Magnesium oxides, Sulphur oxides, Sodium oxides, Iron oxides, Calcium Oxide, Cobalt oxides, Copper oxides, Manganese oxides,, Molybdenum oxides, Oxides of Phosphorus, Potassium oxides, Zinc oxides.

**5.3 Precautions for fire-fighters**  
Cool closed containers exposed to fire with water spray.

**5.4 Further information**  
Wear self-contained breathing apparatus for firefighting if necessary.

Section 6 **Accidental Release Measures**

**6.1 Personal precautions, protective equipment and emergency procedures**  
Use personnel protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. For personal protection see section 8.

**6.2 Environmental precautions**  
Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into environment must be avoided.

**6.3 Methods and materials for containment and cleaning up**  
Keep in suitable, closed containers for disposal.Sweep up and shovel. Contain spillage, and then collect with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local

|  | <p><b>7.1 Precautions for safe handling</b><br/>Avoid formation of dust and aerosols. Use only in well ventilated areas. Wear protective gloves and eye/face protection. Keep away from heat, sparks and open flame.</p> <p><b>7.2 Conditions for safe storage, including any incompatibilities</b><br/>Store in cool/well-ventilated place. Storage class (TRGS 510): Oxidizing Solids<br/><b>Recommended Storage Temperature</b> : 2-8°C</p> <p><b>7.3 Specific end uses</b><br/>Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.</p>   |            |                                       |       |                   |                 |                   |    |           |                        |                   |   |                   |             |                   |  |                   |                  |                   |
| Section 8                                    | <b>Exposure Controls / Personal Protection</b>   |            |                                       |       |                   |                 |                   |    |           |                        |                   |   |                   |             |                   |  |                   |                  |                   |
|  | <p><b>8.1 Control parameters</b></p> <p><b>8.2 Exposure controls</b><br/><b>Appropriate engineering controls</b><br/>Handle in accordance to general industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.<br/><b>Personal protective equipment</b><br/><b>Hygiene measure</b><br/>Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of the work day.<br/><b>Eye/face protection</b><br/>Safety glasses with side-shields conforming to EN 166 Use equipment for eye protection tested and approved under appropriate government such as NIOSH (US) or EN 166(EU). Have eye-washing facilities readily available where eye contact can occur.<br/><b>Skin protection</b><br/>Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.<br/><b>Body protection</b><br/>Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.<br/><b>Respiratory protection</b><br/>Where risk assessment shows air-purifying respirators are appropriate use as a backup to engineering controls. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU)<br/><b>Environment exposure controls</b><br/>Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.</p> |            |                                       |       |                   |                 |                   |    |           |                        |                   |   |                   |             |                   |  |                   |                  |                   |

| Section 15 | <b>Regulatory Information</b>  |
|            | <p>This safety data sheet complies with the requirements of Regulation (EC) No. 1907/2006</p> <p><b>15.1 Safety health and environment regulations/legislation specific for the substance or mixture</b></p> <p><b>15.2 Chemical Safety Assessment</b><br/>For this product a chemical safety assessment was not carried out.</p>  |
| Section 16 | <b>Other Information</b>   |

|                   |   |
|-------------------|---|
| H272              | May intensify fire; oxidizer  |
| H302              | Harmful if swallowed  |
| H315              | Causes skin irritation  |
| H318              | Causes serious eye damage   |
| H319              | Causes serious eye irritation   |
| H335              | May cause respiratory irritation  |
| H360              | May damage fertility or the unborn child  |
| H410              | Very toxic to aquatic life with long lasting effects                                      |
| Acute Tox.oral 4  | Acute toxicity, oral, Category 4  |
| Aquatic Chronic 1 | Hazardous to the aquatic environment, long term hazard, Category 1                        |
| Eye Dam. 1        | Serious eye damage or eye irritation, Category 1  |
| Eye Irrit. 2A     | Serious eye damage or eye irritation, Category 2A   |
| Ox. Sol. 3        | Oxidising solids, Category 3  |
| Repr.Tox. 1A, 1B  | Reproductive toxicity, Category 1A, 1B  |
| Skin Irrit. 2     | Skin corrosion or irritation, Category 2  |
| STOT SE 3         | Specific target organ toxicity, single exposure, Respiratory tract irritation, Category 3 |

**Further Information**

The information contained in this data sheet represents the best information currently available to us. However, no warranty is made with respect to its completeness and we assume no liability resulting from its use. The information is offered solely for user's obligation to investigate and determine the suitability of the information for their particular purpose.
