Section 7	Handling and Storage		
	<ul> <li>7.1 Precautions for safe handling         Recommendations         Measures to prevent fire as well as aerosol and dust generation.         Use local and general ventilation. Use only in well-ventilated areas. Ground/bond container and receiving equipment.         Specific notes/details         Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust explosion.         Advice on general occupational hygiene         Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feeding stuffs.</li> <li>7.2 Conditions for safe storage, including any incompatibilities</li> </ul>
