Use only in well-ventilated areas. Ground/bond container and receiving         equipment.         <i>Specific notes/details</i>         Dust deposits may accumulate on all deposition surfaces in a technical room. The product in the delivered         form is not dust explosion capable; the enrichment of fine dust however leads to the danger of dust         explosion.         <i>Advice on general occupational hygiene</i>         Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and         protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals.         Never place chemicals in containers that are normally used for food or drink.
