

Dehydrated Culture Media
Bases / Media Supplements

Technical Information

Yeast Extract Paste

Product Code: BA2025

Principle & Interpretation

Yeast Extract Paste is manufactured under controlled condition by concentrating autolysed solution of yeast cells (*Saccharomyces*) to achieve minimum 55% solid content, by retaining all the nutritive values. It is a low salt extract suitable for culture media, fermentation and other biological products.

Warning and Precautions

Read the label before opening the container. Wear protective gloves/protective clothing/eye protection/ face protection. Follow good microbiological lab practices while handling specimens and culture. Safety guidelines may be referred in individual safety data sheets.

Limitations

1. It is biological origin product since variation in colour of powder and clarity may observed.
2. Each lot of the product has been tested for the organisms specified on the COA. It is recommended to users to validate the medium for any specific microorganism other than mentioned in the COA based on the user's requirement.
3. Individual organisms differ in their growth requirement and may show variable growth patterns on the medium prepared by the product.

Performance and Evaluation

Performance of the medium is expected when used as per the direction on the label within the expiry period when stored at recommended temperature

Quality Control

Appearance

Brownish yellow to brown homogeneous highly viscous paste characteristic odour but not putrescent

Solubility

Freely soluble in distilled/purified water, insoluble in alcohol.

Clarity

1% w/v aqueous solution remains clear without haziness after autoclaving at 15 lbs pressure (121°C) for 15 minutes.

pH

pH of 2% w/v aqueous solution at 25°C 4.70 - 6.70

Microbial Load :

Bacterial Count : \leq 10000 CFU/gram by plate method, when incubated at 30-35°C for not less than 3 days
Yeast & mould Count : \leq 1000 CFU/gram by plate method, when incubated at 20-25°C for not less than 5 days.

Test for pathogens :

1. *Escherichia coli*- Absent/gram of sample
2. *Salmonella* species- Absent/10 gram of sample
3. *Pseudomonas aeruginosa*- Absent/gram of sample

Dehydrated Culture Media
Bases / Media Supplements

4. *Staphylococcus aureus*- Absent/gram of sample

5. *Candidaalbicans*- Absent/gram of sample

6. *Clostridia*- Absent/gram of sample

Indole Test : Tryptophan content: Passes

Cultural response : Cultural response observed after an incubation at 35-37°C for 18-24 hours by preparing Plate Count MiVeg Agar (VM1091) using Yeast Extract Paste as an ingredient.

Cultural response

Organism

Bacillus subtilis subsp. *Spizizenii* ATCC 6633(WDCM 00003)
Enterococcus faecalis ATCC 29212 (WDCM00087)
Escherichia coli ATCC 25922 (WDCM 00013)
Lactobacillus rhamnosus ATCC 9595
Staphylococcus aureus subsp. *aureus* ATCC25923 (WDCM 00034)
Streptococcus pyogenes ATCC 19615

Growth

Luxuriant

Chemical Analysis

Total Nitrogen (on dry basis) : ≥ 10.50 %
Amino Nitrogen (on dry basis) : ≥ 3.80 %
Sodium chloride (NaCl) : ≤ 5.00 %
Residue on ignition (on dry basis) : ≤ 15.00 %
Total Solid : ≤ 70.00 %

Storage and Shelf Life

Store between 10-30°C in tightly closed container and away from bright light. Use before expiry date on label. On opening, product should be properly stored in dry ventilated area protected from extremes of temperature and sources of ignition. Seal the container tightly after use

Disposal

User must ensure safe disposal by autoclaving and/or incineration of used or unusable preparations of this product. Follow established laboratory procedures in disposing of infectious materials and material that comes into contact with clinical sample must be decontaminated and disposed of in accordance with current laboratory techniques.

Disclaimer :

- User must ensure suitability of the product(s) in their application prior to use.
- The product conforms solely to the technical information provided in this booklet and to the best of knowledge research and development work carried at **CDH** is true and accurate.
- **Central Drug House Pvt. Ltd.** reserves the right to make changes to specifications and information related to the products at any time.
- Products are not intended for human or animal diagnostic or therapeutic use but for laboratory, research or further manufacturing of diagnostic reagents extra.
- Statements contained herein should not be considered as a warranty of any kind, expressed or implied, and no liability is accepted for infringement of any patents.
- Do not use the products if it fails to meet specifications for identity and performance parameters.
