| GUANINE HYDROCHLORIDE FOR BIOCHEMISTRY                        |  |                        |    |
|---|--|------------------------|----|
| PRODUCT CODE  | 042036   |                        |    |
| SYNONYMS  |  |                        |    |
| C.I. NO.  | -  |                        |    |
| CASR NO.  | (635-39-2)   | Ö                      |    |
| ATOMIC OR MOLECULAR FORMULA                                   | C₅H₅N₅O.HCl  | $HN \longrightarrow N$ |    |
| ATOMIC OR MOLECULAR WEIGHT                                    | 187.59   |                        | HC |
| PROPERTIES  | - Н  | N N N                  |    |
| PARAMETER   | LIMIT  |                        |    |
| Description   | White to yellowish white fine powder.  |                        |    |
| Solubility  | 5% solution in 1 N NaOH solution is clear and almost colourless.   |                        |    |
| Minimum Assay   | 98.0%  |                        |    |
| ( Acidimetric )   |  |                        |    |
| MAXIMUM LIMIT OF IMPURITY                                     |  |                        |    |
| Extinction Ratio :  |  |                        |    |
| 250/260 nm  | 1.37 + 0.06  |                        |    |
| 280/260 nm  | 0.84 + 0.02  |                        |    |
| 290/260 nm  | 0.49 + 0.04  |                        |    |
| Note(s): 1] Assay (if applicable) metho<br>2] Storage: 0 -°8C | d mentioned.   |                        |    |
| WARNING   |  | IMDG Code :            |    |
|   | irritation. Causes skin irritation. Causes serious eye irritation.   | UN No. :               |    |
| Precautionary statements                                      | location of the second control of the second | IATA :                 |    |
|   | /mist/vapours/spray. Wash thoroughly after handling. Use only outdoors coves/protective clothing/eye protection/face protection.   | or                     |    |
|   | and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse  |                        |    |
|   | emove contact lenses, if present and easy to do. Continue rinsing. Call a  |                        |    |
|   | eel unwell. If eye irritation persists: Get medical advice/attention.  |                        |    |

**Disposal:** Dissolve the chemical to be disposed, in water and allow it to run to waste, diluting with large quantities of water. The quantities greater than 10g should be dissolved in water and transferred to heavy metal waste drums for collection by specialist disposal company.
